

## Timed Maths Problems: 5, 10 and 15 Minute Problems: Bk. 1

By Danny McCormick

Imaginative Minds. Mixed media product. Book Condition: new. BRAND NEW, Timed Maths Problems: 5, 10 and 15 Minute Problems: Bk. 1, Danny McCormick, This two book series contains problem solving activities in a 'task card' layout arranged into three time frames according to how long the problems should take to solve: five, ten or fifteen minutes. Within the five and ten minute timeframes a range of problem solving strategies, with eight problems each, are used. The strategies include: Guess and Check, Making a List, Logical Reasoning, Find a Pattern, Working Backwards, Create a Diagram and Solving an Easier version of the Problem. An explanation of each strategy is given at the beginning of each new strategy and an example is shown to illustrate how it can be applied. The fifteen minute problem section is made up of a variety of problems where students must identify the appropriate strategy to use in order to provide a solution.

### Reviews

*This book might be worthy of a go through, and a lot better than other. it had been writtern really properly and helpful. You may like just how the author write this publication.*

-- Prof. Mattie Beatty

*A top quality publication as well as the typeface used was intriguing to learn. Yes, it is play, still an amazing and interesting literature. I discovered this publication from my i and dad suggested this book to learn.*

-- Prof. Louvenia Flatley
