## Technical Aid to Food Industries

By A.N. Sankaran, G.T. Kale, N.V.R. Iyengar, R.C. Bhutiani, V. Balu

Biotech Books/Daya Publishing House, 2007. Hardcover. Book Condition: New. The papers published in this book describe the present state of the Indian Food Industries and the technical problems facing them. The first 12 papers deal with the general subject of technical aid to the industry and lay stress on the problems involved in the improvement of quality of processed food products. These are followed by accounts of the technical problems of individual industries or groups of allied food industries. The industries dealt with are biscuit and bakery, breakfast foods, flour and barley milling, confectionary, Indian sweets, cocoa and chocolates, fruit and vegetables, gelatine, cold storage and deep freezing, oil milling, fish and the typically Indian industry--Pan Suapri. The various contributions emphasize generally the need for a liaison between agri-horticultural authorities and the food processing industry, for cheaper and good quality raw materials, utilization of indigenous materials required in processing techniques, fabrication of equipment required for small and large-scale industries and adoption of modern scientific methods.;;Contents;Chapter 1: Recent Advances in the Development of Food Industry in India by V A Mehta; Chapter 2: What an Indian Food Industry Needs by N R Sathe; Chapter 3: The Urgent Needs of the Indian...

### Reviews

*Undoubtedly, this is the best function by any writer. It usually will not charge too much. I am just very easily can get a pleasure of looking at a written ebook.*

-- Alivia Quigley MD

*Absolutely essential go through publication. This can be for all who state there was not a worthy of looking at. Its been printed in an remarkably basic way and it is just right after i finished reading this book through which in fact altered me, modify the way i think.*

-- Dr. Haskell Osinski
