Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

Cloudless May explores the political and psychological circumstances of the defeat of France in the spring of 1940. The audiobook follows the life of a French businessman, his friends, and his mistress, as they try to weather the storm that is the fall of France, during the devastation of the war. Storm Jameson (1891-1986) was born to a North Yorkshire family of shipbuilders. Jameson s fiery mother, who bore three girls, encouraged Storm (christened Margaret Storm) to pursue an academic education. After being taught privately and at Scarborough municipal school she won one of three county scholarships which enabled her to read English Literature at Leeds University. She then went on to complete an MA in European drama at King s College London. During her career Jameson wrote 45 novels, numerous pamphlets, essays, and reviews, in an effort to make money. Her personal life suffered, and her first marriage to schoolmaster Charles Douglas Clarke was an unhappy one. After they divorced in 1925, Jameson went on to marry Guy Chapman, a fellow author, and remained with him despite her apparent rejection of normal domestic life. Storm Jameson was always politically active, helping to publish a Marxist journal in the British section of the International Union of Revolutionary Writers in 1934 and attending anti-fascist rallies.
