DEVELOPMENT COMMUNICATION ENHANCING AGROFORESTRY IN ETHIOPIA

Book Condition: New. Publisher/Verlag: VDM Verlag Dr. Müller | Impact of Development Communication in Preserving Indigenous Agroforestry Practice | Land degradation, due to deforestation, is one of the major causes that consequently decline agricultural production in poor countries; and also it becomes a serious threat for life welfare. In order to mitigate this devastating situation, various stakeholders have engaged in afforestation activities across the world. Ethiopia, in its extension communication strategies, does exert its effort to enhance forest development. However,...
