*This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, Everything We Ever Wanted, Sara Shepard, How do you choose between your family and your history? Emotional and compelling storytelling from Sara Shepard, author of All the Things We Didn't Say. A late-night phone call on a Sunday evening rarely brings good news. So when Sylvie, a recently-widowed mother of two, receives a call from the head teacher of the school she's on the board of, she knows it won't be something she wants to hear. The school was founded by her grandfather, and she's inherited everything he strived to build up - a reputation, a heritage, the school and the grand old family house. And with this inheritance comes responsibility. So when her son Scott is whispered to be involved in a scandal that led to the death of one of the boys he coaches at the school, it throws the family into chaos: Sylvie has to decide between her loyalty to the school that has been part of her family legacy for years and her son who she feels wants nothing to do with her. She starts spying on the dead boy's father, making an unlikely connection. Sara Shepard's compelling new novel tells how hard it can be to really, truly connect to people, how making quick, easy judgments can come back to haunt you, and how the life you always planned for - and always dreamed of - often doesn't always turn out the way you imagined at all.
