

First European Congress of Mathematics

Filesize: 1.73 MB

Reviews

Most of these pdf is the best book readily available. It usually is not going to expense a lot of. Its been printed in an exceedingly easy way which is only soon after i finished reading this publication in which actually transformed me, change the way i really believe.

(Hadley Haag)

FIRST EUROPEAN CONGRESS OF MATHEMATICS

Book Condition: New. Publisher/Verlag: Springer, Basel | Paris, July 6-10, 1992 | The first European Congress of Mathematics was held in Paris from July 6 to July 10, 1992, at the Sorbonne and Pantheon-Sorbonne universities. It was hoped that the Congress would constitute a symbol of the development of the community of European nations. More than 1,300 persons attended the Congress. The purpose of the Congress was twofold. On the one hand, there was a scientific facet which consisted of forty-nine invited mathematical lectures that were intended to establish the state of the art in the various branches of pure and applied mathematics. This scientific facet also included poster sessions where participants had the opportunity of presenting their work. Furthermore, twenty four specialized meetings were held before and after the Congress. The second facet of the Congress was more original. It consisted of sixteen round tables whose aim was to review the prospects for the interactions of mathematics, not only with other sciences, but also with society and in particular with education, European policy and industry. In connection with this second goal, the Congress also succeeded in bringing mathematics to a broader public. In addition to the round tables specifically devoted to this question, there was a mini-festival of mathematical films and two mathematical exhibits. Moreover, a Junior Mathematical Congress was organized, in parallel with the Congress, which brought together two hundred high school students. | Summary of the Contents:- Mathematics and the General Public- Women and Mathematics- Mathematics and Educational Policy- Let's Cultivate Mathematics!- Mathematical Europe, Myth or Historical Reality?- Philosophie des mathematiques: puorquoi? comment?- Mathematiques et sciences sociales- Mathematics and Industry- Degree Harmonization and Student Exchange Prgrammes- The Pythagoras Programme- Collaboration with Developing Countries- Mathematical Libraries in Europe- Mathematics and Economics- Mathematiques et chimie- Mathematics in Medicine...
